Profile

Skilled Cybersecurity Specialist with experience in protecting sensitive data and systems from threats. Proven ability to identify vulnerabilities, mitigate risks, and ensure compliance with security protocols. Proficient in various programming languages and security software. Known for strong problem-solving skills, attention to detail, and ability to work in high-pressure situations. Committed to staying current with the latest developments in cybersecurity.

Education

Damascus University   present
Bachelor in Information Technology Engineering

Professional Experience

Deloitte   May 2024 – present
Penetration Tester   Damascus, Syria

As a **Penetration Tester**, I have been instrumental in safeguarding the integrity of our organization's computer networks and systems. My role has been pivotal in identifying vulnerabilities, mitigating risks, and ensuring that our data remains secure.

Key Achievements:
- Conducted Comprehensive Security Audits: Regularly performed security audits to identify potential vulnerabilities and implemented robust security measures to mitigate risks.
- Successful Penetration Testing: Led numerous penetration testing initiatives that helped in uncovering hidden system vulnerabilities, thereby strengthening the organization's security framework.
